

# Project Director required!

We are looking for a highly professional and enthusiastic Project Director for our reputed client, Pakistan Refinery Limited (PRL), which is one of the leading players in the Oil & Gas sector.

**Spearhead transformation projects in Oil & Gas sector**

## Summary

The incumbent will lead and execute Refinery Expansion and Upgrade Project (REUP) with investment of around USD 1 billion which is moving forward as the refinery policy has been approved. The candidate shall have an overall responsibility for successful delivery of the project, including development of project strategy, its execution within costs, schedule and quality targets while ensuring and complying the safety & environment requirements. The candidate shall also seek out expansion possibilities in allied businesses as required.

## Key Responsibilities and Accountabilities

- ❑ Lead the design and implementation of REUP within given budgetary allocations and approved time frames and responsible for end-to-end delivery of the project starting from FEED through EPC and Commissioning.
- ❑ Develop key Project Objectives, Policies and Strategies, Project Execution Plan, Contracting Strategy & Execution, Project Risk Management Program and lead selection of qualified and capable FEED and EPC contractors.
- ❑ Ensure that Project CAPEX is estimated and budgeted based on robust and best industrial financial principles and fiscal policies of the company to present a holistic view of project costs. Assist the Management to secure funding for the Project.
- ❑ Ensure compliance with Regulatory, Commercial, and HSEQ requirements.
- ❑ Liaise with government agencies for licenses approval requirements.

## Key Requirements

- ❑ Engineering degree preferably Mechanical with Project Management qualification/certification.
- ❑ Minimum of 20 years of relevant experience including 10 years in a Senior Project Management.
- ❑ Leading complex multi plant, multi license mega capital projects for refinery, petrochemicals or similar industry.
- ❑ Knowledge/understanding of Engineering Design & Construction, Project Management, Strategic & Operational Planning.
- ❑ Ideally the candidate should have managed a multi-million dollar project
- ❑ Exemplary leader with excellent communication, negotiation, problem solving and change management skills

**Interested candidates meeting the requirements of the role can apply at: <https://www.affco.com.pk/Recruitment>**

- ❑ Deadline for submission of applications is **January 2, 2025**.
- ❑ Maximum age limit is **60 years** (may be relaxed in case of very strong/relevant experience and competencies)
- ❑ The position is contractual & based in **Karachi** and offers a very competitive salary and benefits package
- ❑ Only shortlisted candidates will be called for interviews
